Clymer Vs Haynes Motorcycle Manuals

The Haynes manual is hardbound with about 270 slightly larger pages, 8-1/4 by 10-5/8 inches, compared to the paper-back Haynes 440 pages at 7 by 10-1/8 inches. Haynes makes up for the missing pages by using a 3-column layout compared to the 2 columns and larger print of Clymer.

Haynes and Clymer Motorcycle Service Manual Comparison

Haynes manuals are based upon disassembling a brand new vehicle.. A Haynes manual then tells you that "re-assembly is the reverse of the above." Good luck with that! Sometimes the Haynes manual covers multiple year models and the pseudotechnical writer doesn't know about important design changes.

Clymer Motorcycle Manuals | Haynes Publishing
Clymer Vs Haynes Manuals
Haynes makes up for the missing pages by using a 3-column layout compared to the 2 columns and larger print of Clymer. The Clymer is easier to read, but in spite of the slim volume, there seems to be more content in the Haynes. Haynes and Clymer Motorcycle Service Manual Comparison
That's the bad thing about those manuals.
