The World Atlas of Language Structures (WALS) is a large database of structural (phonological, grammatical, lexical) properties of languages gathered from descriptive materials (such as reference grammars) by a team of 55 authors. The first version of WALS was published as a book with CD-ROM in 2005 by Oxford University Press. The first online version was published in April 2008.

WALS Online

The Atlas languages are a subgroup of the Northern Berber languages of the Afro-Asiatic language family

spoken in the Atlas Mountains of Morocco. By mutual intelligibility, they are a single language spoken by perhaps 14 million people; however, they are distinct sociolinguistically and are considered separate languages by the Royal institute of the Amazigh culture.

Atlas languages - Wikipedia
