Semi-Presidentialism - Robert Elgie - Oxford University Press

The advantages of this

perspective include allowing delineation of semi-presidentialism from other hybrids, highlighting subtypes (premier-presidential and president-parliamentary) according to variations in the locus of transactional and hierarchical institutional relationships, and predicting which

observed relationships between actors derive from relatively immutable constitutional features and which from more transitory features such as partisan alignments.

About the authors

Explores the effect of semi-presidentialism on newly-democratising countries. In recent years semi-presidentialism - the situation where a constitution makes provision for both a directly elected president and a prime

minister who is responsible to the legislature - has become the regime type of choice for many countries.
