~~Geostationary Orbit by ...~~

This paper looked at the ability to build and operate smaller satellites with current technology to perform covert Space Control and Space Situational Awareness missions near geostationary orbit. The investigation determined if space qualified Commercial Off The Shelf COTS components and current technology could be used to build covert smaller satellites.

~~Smaller Satellite Operations Near Geostationary Orbit~~

This paper looked at the ability to build and operate smaller satellites with

current technology to perform covert Space Control and Space Situational Awareness missions near geostationary orbit. The investigation determined if space qualified Commercial Off The Shelf (COTS) components and current technology could be used to build covert smaller satellites.

~~Smaller satellite operations near geostationary orbit - CORE~~

smaller satellites with current technology to perform covert Space Control and Space Situational Awareness missions near geostationary orbit. The

investigation determined if space qualified Commercial Off The Shelf (COTS) components and current technology could be used to build covert smaller satellites. The largest satellite was sized to be
