Starting with the 1970 season, Vehicle Identification Number (VIN) is stamped on the right side of the engine crankcase and on the frame. In addition to these numbers, an identification label is located on the frame giving the VIN and date of manufacture. This label was required by law for identification. 1)

1970 Harley-Davidson Sportster , This bike is insanely groovy. I remember when i first had it in the back of a truck, hauling it to my brother's garage to get started repairing it. Everyone that passed was mesmerized by the color. I bought it not running. I wanted to learn about the famous ironhead, so i bought a service manual and got to work.

1970 Harley Sportster Motorcycles for sale
Some of the 1970 Sportster models available were the basic XL, the XLH with a higher compression motor, and the kickstart only XLCH; the fastest/quickest bike Harley-Davidson made at the time. Estimates are that a good running XLCH in 1970 could do the quarter mile in about 13 seconds, thanks to the nearly 60 horsepower it put out.
