The Apex GT profile shows off its ride-forward seating. We also like the way the Yamaha Apex GT (2009 and 2008) behaves on the trail. After a few trail miles you get a feel for the sled that gives you confidence that this is much more than a 4-stroke screamer. It is an all-day, all-weekend mile-eater.

Any advice as to what I should look or listen for while test riding it? I have never had a four stroke before so I'm not real sure where to begin. Thanks in advance. D. Duke Well-known member.
