A Mysterious Instrument, and an Even Better Story. The Red Violin story is just as interesting as the film of that name. In fact, while the Red Violin movie did indeed take a lot of poetic license, there are some parallels to what happened in real life. The Red Mendelssohn Stradivarius. The violin's history does contain a lot of gaps. But we ...

The violin, viola, and cello were first made in the early 16th century, in Italy. The earliest evidence for their existence is in paintings by Gaudenzio Ferrari from the 1530s, though Ferrari's instruments had only three strings. The Academie musicale, a treatise written in 1556 by Philibert Jambe de Fer, gives a clear description of the violin family much as we know it today.

History of the violin - Wikipedia

The earliest known Stradivarius violin was made in 1666, when Stradivari was only twenty-two. Some believe that he was the apprentice of Nicolo Amati, the grandson of violin maker Andrea Amati (1511-1577). Another implication is that he was a woodworker by trade, which would explain his genius talent in design and drafting.
