[DOC] Alarm Tech Training Manual

The Alarm Science Manual does just that in going behind the scenes and forensically examining court cases where “electronic security” didn't live up to its name. I can safely bet that every alarm company owner or professional technician who reads this book will have a newly found respect for each of their duties and tasks.

? All manual call points (MCP) should be numbered so that they can be easily identified for recording purposes (using tape or similar) e.g. Zone 1 with 3 call points - Zone 1, Device 1 = 1.1, and so on 2.3, 3.2... ? Operate an MCP in a Fire Zone, using a different trigger point - do not use the same MCP each week.

~~GUIDE TO THE WEEKLY TESTING OF FIRE ALARM SYSTEMS~~
