## **Allopathic Medicine: Meaning, Vs. Osteopathic, Homeopathic ...**

Allopathic medicine, or allopathy, refers to science-based, modern medicine. There are regional variations in usage of the term. In the United States, the term is used to contrast with osteopathic medicine, especially in the field of medical education. The terms were coined in 1810 by the inventor of homeopathy, Samuel Hahnemann. It was originally used by 19th-century homeopaths as a derogatory term for heroic medicine, the traditional European medicine of the time and a precursor to modern medicine.

## **Allopathic medicine - Wikipedia**

Summary. Natural Allopathic Medicine is the underlying concept that introduces a new paradigm in medicine that revolutionizes the fields of oncology, cardiology, pediatrics, infectious disease and neurology as well as the general practice of medicine. One of the hallmarks of Natural Allopathic Medicine is the bringing of certain emergency room and intensive care medicines to the world of chronic health care.

Abstract. American Indian (AI) and Indigenous peoples utilize traditional medicine/healing (TM/H) for health and well-being. Allopathic health care practitioners (HCPs) receive minimal training and education on TM/H and its application and integration into health care settings. Lack of knowledge and practice guidelines on how to navigate these 2 health care perspectives (allopathic and traditional)

creates uncertainties in the treatment of AI and Indigenous peoples.

### **How Should Allopathic Physicians Respond to Native ...**

In contrast, allopathic medicine was defined as the practice of using opposites: using treatments that have the opposite effects of the symptoms of a condition. At that time, the term allopathic medicine was often used in a derogatory sense and referred to radical treatments such as bleeding people to relieve fever.

### **Allopathic Medicine History and Cancer Care**

To guide clinical practice, Naturopathic physicians heavily rely on this holistic philosophy; weaving it into every aspect and domain of practice. The functional approach taken is based on a “patient centered, self-care, outcomes-based model” (Pizzorno and Murray, 1999, p. 3).
