The 1960s and 1970s saw Autocar custom-engineer some of the biggest, baddest trucks ever put to work in the dirtiest, toughest, most rugged vocations imaginable. A brochure read: " Everything about the Autocar is tough. And everything about the Autocar is geared to unusually harsh, even hazardous conditions."

~~About Us—History | Autocar Trucks~~

White had purchased Autocar in 1953 yet Autocar trucks continued thru to the 1970s as part of the "Big Four" White brands. The Interstate Highway System was being expanded through the country in the '60s, but many roads were still rugged. The cure for many truckers was to buy an Autocar, highly regarded as a rough, tough and sturdy truck.

~~Autocar Trucks of the 1960s At Work by Adams, Ron — Amazon.ae~~

Autocar's roots go way back into the early 1900s and became known for tough and rugged trucks. When WWII came, very few trucks for civilian use were produced and by the end many trucks were worn out from constant use. After the war, civilian production began again in full force because of the lack of new trucks.
