Beginning with the domestication of farm animals nearly 10,000 years ago, Beasts of the Earth traces the ways that human-animal contact has evolved over time. Today, shared living quarters, overlapping ecosystems, and experimental surgical practices such as those that transplant organs or tissues from nonhumans into humans, continue to open new avenues for the transmission of infectious agents.

Beast of the Earth - Wikipedia

I am convinced the " wild beasts (th rion) of the earth " refer to the Antichrist and the false prophet, not literal animals. There are good grammatical reasons that rule out animals (see especially the footnotes below). I have addressed this question in my book Antichrist Before the Day of the Lord. Here is my exegesis:
