Beyond Right and Left. Book

Description: Two Italian writers, Gaetano Mosca and Antonio Gramsci, have been very influential in twentieth-century political thought, the first cast as a thoroughgoing conservative, the second as the model of a humanistic Marxist. The author of this provocative book-the first systematic study of the connection between the two men-maintains that they are closer to each other than is commonly supposed-that they in fact belong to the same political tradition of

The political radical is normally thought of as someone who stands on the left, opposing backward-looking conservatism. In the present day, however, the left has turned defensive, while the right has become radical, advocating the free play of market forces no matter what obstacles of tradition or custom stand in their way.

The Right mostly denied that the
left-right spectrum was
meaningful because they saw it
as artificial and damaging to
unity. The Left, however, seeking
to change society, promoted the
distinction. However, it was
during the establishment of the
Third Republic in 1871 that the
political parties formally adopted
