of the C series in the long run. In this regard, BOGE offers unique replacement parts for the C series guaranteeing that 100 percent quality and 100 percent service life is achieved. Only BOGE original parts are compatible with the C Series range of compressors - gives surety of maximum safety during the entire life of the product.

~~SCREW COMPRESSORS — BOGE~~

At BOGE, we were among the first to recognise this problem – and solve it. Highly efficient compressor controls Master controls for multiple compressor stations make compressed air production significantly more efficient – especially in cases where compressed air consumption fluctuates or where speed-regulated compressors are integrated into the network.

After registering in the protected area of the BOGE website and entering the serial number of your machine, you'll be shown a list of all relevant parts with their respective prices. Orders entered via the Spare Parts Shop are released directly into our SAP system, which guarantees quick delivery. Spare Parts Shop. More.

~~BOGE Compressors | Spare Parts Shop~~

BOGE is committed to the highest standards in development and manufacture, and we stand by this! With the effective control, the DS range ensures extremely economical compressed air drying. The very low losses in pressure thanks to the generously-sized components avoid excess compression, resulting in an energy saving of six percent for every bar of pressure.

~~BOGE Compressors | Refrigerant Dryers up to DS 1800~~

The BOGE airend design ensures industry leading specific power ratios (optimised output volumes at low energy consumption). Short connections and fewer pipes thanks to integrated design with the BOGE compact module – the C Series is space-saving, extremely efficient
