Where an individual is unaware of secret instructions implanted through brainwashing techniques; instruction that can be triggered by a handler in the future. My take away from the book is no. People can be seriously temporarily & permanently messed up: confused, physiologically broken, First off, the author, Dominic Streatfeild should be commended for a very solid job of reporting.

Brainwash: The Secret History of Mind Control by Dominic ...

A great book detailing this history of brainwashing from various means including military experiments with hypnosis and LSD, religious cults, hidden messages in heavy metal albums, right up to modern interrogation techniques. No pie-in-the-sky conspiracy theories here, this book is based on factual accounts and is excellently researched.

Talk:Brainwash: The Secret History of Mind Control - Wikipedia

The cover of the book shows an interrogation scenario, but the title is "Brainwash". It's a bit of an unsuccessful mixture of three separate books on brainwashing, mind control and interrogation. There is also a chapter on psychiatric abuses, which also probably deserves a separate category.
