BS EN 60079-14:2014 - Tracked Changes

After a great deal of debate, the new Hazardous Area Installation Standard EN60079-14:2014 has been issued and is published as an IEC and EN Standard. As a BS EN Standard there is a rather unusual section essentially saying that although the Standard is published, the UK takes issue with certain parts/changes!

New EN 60079-14:2014 Standard – Exveritas

This standard BS EN 60079-14:2014

Explosive atmospheres is classified in these ICS categories: 13.230 Explosion protection. 29.260.20 Electrical apparatus for explosive atmospheres. This part of the IEC 60079 series contains the specific requirements for the design, selection, erection and initial inspection of electrical installations in, or associated with, explosive atmospheres.
