Start with the market value, which is what the house would be worth in pristine condition. A house being sold at auction is rarely in top condition, so bump the value down to 80% of market value, then subtract the cost of repairs. Now, if you're looking to buy a house at auction because you're investing in real estate, that's awesome. Make sure you're paying cash and have budgeted enough to cover both the cost of the property and any repairs it might take to make it livable.
