Carrier air conditioning and refrigeration spares and parts

Carrier selected R-32 refrigerant, which has a low global warming potential (GWP) of 675, for use in commercial scroll chiller ranges. R-32 has a GWP that is two thirds less than the GWP of the current R-410A version and this change, combined with a significant system refrigerant charge reduction - up to 30% - allows for an exceptional 80% reduction in direct greenhouse gas emissions.
