MATTER and CHANGE Chapter 1 Section 1

Chemistry: Matter and Change vii Your notes are a reminder of what you learned in class. Taking good notes can help you succeed in science. The following tips will help you take better classroom notes.

- Before class, ask what your teacher will be discussing in class. Review mentally what you already know about the concept.
- Be an active listener.

Florida Science Notebook - Student Edition

Notebook is a tool that students can use to achieve this goal. I would like to share some of the features of this Science Notebook with you before you begin teaching. The Cornell Note-Taking System First, you will notice that the pages in the Science Notebook are arranged in two columns, which will help students organize their thinking.
