College writing, also called academic writing, is assigned to teach you the critical thinking and writing skills needed to communicate in courses and in the workplace. To acquire and practice these skills, you are asked to write many different types of assignments under different circumstances. Sometimes your instructor will assign a topic and define the audience; sometimes you will have to define and limit the topic and audience yourself.

What is College Writing?

Many of your Science units will require you to write a formal laboratory report. The purpose is to report on what you did, what you learned from an experiment and why the findings matter. The marker is looking for evidence that you: understand what happened, why it happened and what it signifies in relation to the experimental aims
