[Reading] Confident Ruby Author Avdi Grimm | Booktopia.in.net

Confident Ruby is a guide to recapturing the joy of writing Ruby by employing small patterns and stylistic choices to make each method tell a coherent story. Over the course of 32 patterns, you'll learn how to isolate uncertainty at the borders of your code; how to avoid repetitive conditionals; and how to liberate your code from the chore of nil-checking. You'll discover the four parts of ...

RR 128 - Book Club: Confident Ruby with Avdi Grimm - Ruby Rogues

"Confident Ruby" is a book you can learn a lot from, especially if you don't "just" read it, but instead use it as a base for reflecting on your ow What I particularly like about his writing is that while tackle all the common pitfalls in everyday software development, he generally doesn't offer one-size-fits-all solutions, but is willing to explore a range of possible alternatives.
