Subsidiary is a company that is owned by another company, parent or holding company. The subsidiary usually owned by the parent or holding company from 50% up to 100%. If the Parent company owned less than 100% of the total share, it is called Partially own subsidiary. Fully own subsidiary is the company that parent-owned 100% of the total share. Any investment less than 50% of the total share will consider as an associate or non controlling interest.

Accounting for Subsidiary - Consolidate - Equity Method -

The consolidated financial statements of the holding company need to incorporate all subsidiaries of the parent. All intragroup balances, transactions, income, and expenses are eliminated during consolidation. There has to be uniformity in the accounting policies while combining the statements. Let's look at how the information is captured in the consolidated income and balance statement: The consolidated income statement needs to show all the subsidiary's income and expenses. All the ...
