Even the Strahd miniature could be an NPC in the background of a busy inn, though once they have encountered Strahd seeing the miniature pop up in another adventure may spook the players. The two sets are very much focused on covering a range of characters players will meet along the Curse of Strahd journey.

Curse of Strahd is a fairly free-form adventure where the characters are drawn into Barovia and must defeat Strahd to escape. The location of three essential magic items (Tome of Strahd, Sunsword, and the Holy Symbol of Ravenkind), the identity of an NPC ally, and the location of Strahd himself are determined by a reading from the Tarokka Deck .

This is the main Curse of Strahd adventure, including the level 1-3 introductory adventure, "Death House." It has, to my understanding, been cleaned up and edited, and some of the material about the Vistani has been sanitized so as to reduce the chance that some may interpret it as bigoted toward real-world Romani people.

Curse of Strahd - Guide This page is a gateway for my guide to Curse of Strahd, it's separated by articles and goes into depth on game design and prep for the CoS campaign. This is the second guide I write after a very successful Out of the Abyss guide. You can now buy the full guide at DM's guild.

One thing I love about Curse of Strahd is some of the ways it encourages these fun conflicts to the players. Bildrath, the merchant of Barovia village, is an outrageous swindler, but I feel like stealing from him or attacking him are steps down a path to becoming part of the darkness of Barovia... which I think is great.

Strahd's curse is that although he is absolute lord and master of Barovia, to the point where he can enter private homes unbidden because he owns them, once every generation he will meet a woman whom he believes is Tatyana reincarnated. He always tries to woo her, but the scene of his damnation is replayed, and the woman inevitably dies.

Anyone that's ran or peeked at Curse of Strahd's prologue, Death House, will know that there are hardly any area descriptions, and that the information provided is as dry as the [spoiler]. This often leads to the DM dryly reading aloud the information provided: "This room contains a bed, a wardrobe, and a mirror behind which a secret—uhh, oops!". The Death House Script solves that issue for ...

Curse of Strahd is a re-tread of the original plot of I6 Ravenloft (later revised for AD&D 2nd edition as RM4 House of Strahd, and again, but more heavily so, for the revised 3.5 edition as Expedition to Castle Ravenloft), but with a metric boatload of added content. While the bulk is about the vampire Strahd von Zarovich and his oppressive rulership over the Village of Barovia, as well as his eternal sorrow and rage manifesting in physical form throughout his lair - Castle Ravenloft, of ...

Disclaimer: Wizards of the Coast cannot be held liable for any long-term side effects of venturing into the dread realm of Ravenloft, such as lycanthropy, vampirism, a fear of dead things, a fear of living things, an inability to sleep without a nightlight on and a +5 holy avenger under your pillow, and the unsettling suspicion that Strahd is too clever to be so easily defeated and that this is all just part of some grand scheme of his to extend his power beyond Barovia.
