Rather than 'decent' desperate nineteenth-century street crime that sends minorities to prison, cybercrime is virtually new; a risky frontier for the middle classes. These new forms find the police ill suited and untrained for their investigation, businesses ready to exploit them, academics fretting - and few, other than David Wall, writing about them with clarity, honesty and detail.

Cybercrime: The Transformation of Crime in the Information ...
As in the legitimate economy, criminal enterprises are going through digital transformation and diversifying into new areas of crime. Cybercriminals were found to be reinvesting 20% of their revenues into further crime, which suggests up to $300 billion is being used to fund future cybercrime and other serious types of crime - including drug manufacturing, human trafficking or terrorism.
