88B1 & Up

The Caterpillar D-343 is a large industrial grade diesel engine designed for marine applications, although it can also be found in applications such as diesel-powered power generators. Available in both a turbocharged and an aftercooled turbocharged edition, it combines fuel efficiency with a great deal of power, horsepower and torque.

Caterpillar D-343 Specs / It Still Runs

D333 Cat engine I was a a fellows shop this morning and he has a real clean D333 Power unit. Looks factory in that the radiator is mounted and the exhaust comes back to a turbo by the mounted air cleaner.
