I compared between the AVR 1613, AVR 1713 and the AVR 1913. I don't tend to change my components often, so I tend to future proof a bit. For me, having the Zone 2 capability was important. This ruled out the AVR 1613. I stayed with the 1713 because of the price. The 1913 is a bit out of my price range and has does not have the Audessey Multi EQ XT.
