aro jore pod maro, hoga maro, voda maro.

The first graphic history of sex chronicles sexuality and human intimacy through the ages, from our primate pasts to our robotic futures. Humans have had sex on the brain since pre-civilization either for pleasure, power, revenge, a desire for children, or simply because it isn't allowed. Today, sex is all around us but it's rarely explained and almost never taught. In The Story of Sex, sexologist Phillipe Brenot combines anthropology, sociology, psychology and history with witty comics by Latetita Coryn for an in-depth explanation of this essential aspect of humanity. Organized chronologically into sections like Babylon: Free Love, The Middle Ages: Heaven and Hell, and The 28th Century: Sexual Liberation, Brenot explores what eroticism really is, how our ancestors behaved sexually, when the first couple was established, how superstition and morality laws shaped sexuality, the use of pornography in the digital age, and how some ancient civilizations were far ahead of their time when it came to gender equality. Full of fascinating details like Cleopatra's invention of the vibrator and a Dutch shopkeeper's accidental discovery of the existence of sperm--all accompanied by hilarious comics and dialogue -- The Story of Sex is informative, unique, and entertaining book.

"In this tongue-in-cheek guide to the left's intersectional insanity, the writers of the satirical social media site The Babylon Bee teach examine: how to choose pronouns; how to blame everyone else for your problems; how to show the world how wonderful you are; the art of virtue-signaling; the basics of race, gender, and intersectionality; the truth about American history; problematic books and movies; how to tell if a baby is racist; and more."--Publisher's description.

"This book discusses the principles of human knowledge. Topics covered include: I. Berkeley's Life and Writings; II. The Precursors of Berkeley; III. Summaries of Berkeley's System; IV. Berkeleyanism, its Friends, Affinities, and Influence; V. Opponents and Objections; VI. Estimates of Berkeley, his Character, Writings, and Influence; VII. Idealism defined; VIII. Sceptical Idealism in the Development of Idealism from Berkeley to the Present: Hume; IX. Critical Idealism: Kant; X. Subjective Idealism: Fichte; XI. Objective Idealism: Schelling, Jacobi; XII. Absolute Idealism: Hegel; XIII. Theoretical Idealism: Schopenhauer; XIV. The Strength and Weakness of Idealism; XV. Characteristics of the Present Edition; XVI. Its Objects and Uses; Berkeley's Treatise Concerning the Principles of Human Knowledge:--I. Eraser's Preface--Berkeley's Preface; II. Berkeley's Introduction; III. Berkeley's Principles."
