Strategies of economic development and growth –II
Economic Development Todaro And Smith

Economic Development is the leading textbook in this field, providing a complete and balanced introduction to the requisite theory, the driving policy issues, and the latest research. Todaro and Smith take a policy-oriented approach, presenting economic theory in the context of critical policy debates and country-specific case studies so students see how theory relates to the problems and prospects of developing countries.

Todaro and Smith believe that development economics should foster a student's ability to understand real problems faced by developing countries. Unlike other texts, Economic Development introduces economic models within the context of countries and issues, so that students learn to analyze and engage in the ongoing policy debates.
