On 'Five Bells', by Gail Jones. James Bradley. GAIL JONES' FIFTH novel, Five Bells, is many things: a love letter to Sydney and its physical beauty; a deeply moving exploration of the effects of grief and loss; and, perhaps most importantly, a luminous and shimmering reflection on time, memory and mortality. Yet like all of Jones' novels, Five Bells is also a remarkably intricate creation: a highly sophisticated, thrillingly allusive web of implication in which a wide range of literary and ...

Five Bells by Gail Jones my third book for Brona's Australia Reading Month. Sydney, Circular Quay. James, Ellie, Pei Xing and Catherine converge to Sidney's harbour for the day. Jones' desire to get under the skin of different cultures is admirable, as is her highlighting of an important period in China's recent past. but the resulting character is a little too 'orientalised' by her Western creator. The greatest strength of Five Bells lies in its clever use of place to draw out the nuances of character. The novel opens with each of the four disembarking at Circular Quay, and their contrasting impressions immediately set the tone for their personalities.

Five Bells is a taut, intricately organised short novel yet gives the impression of expansiveness. It moves with the confidence and mastery that mark Jones as one of the most distinguished of a vintage bunch of contemporary Australian novelists. She tells compelling stories that only at first, and superficially, seem strange or improbable.
