From Slave Trade To Legitimate This edited collection, written by eleven leading specialists, examines the nineteenth-century commercial transition in West Africa: the ending of the Atlantic slave trade and the development of alternative forms of 'legitimate' trade, mainly in vegetable products. Approaching the subject from an African, rather than a European or American, perspective, the case studies consider the effects of ...

From Slave Trade to 'Legitimate' Commerce edited by Robin Law The ending of the Atlantic slave trade and its replacement by what contemporaries called ‘ legitimate ’ (i.e. non-slave) trade – principally in agricultural produce, such as palm oil and groundnuts – during the nineteenth century has been one of the central themes in the historiography of western Africa since the beginnings of serious academic study of African history in the 1950s.

Introduction - From Slave Trade to 'Legitimate' Commerce This collection of essays deals with the nineteenth-century commercial transition in West Africa: the ending of the Atlantic slave trade and the development of alternative forms of 'legitimate' trade, mainly in vegetable products. Approaching the subject from an African, rather than a European or American, perspective, the case studies consider the effects of transition on the African ...

African people, mainly to the Americas. The slave trade regularly used the triangular trade route and its Middle Passage, and existed from the 16th to the 19th centuries. The vast majority of those who were enslaved and transported in the transatlantic ...

Atlantic slave trade - Wikipedia

The importance of domestic plantation slavery increased during the 19th century, due to the abolition of the Atlantic slave trade. Many African states dependent on the international slave trade reoriented their economies towards legitimate commerce worked by slave labor.

Slavery in Africa - Wikipedia

Britain, partly due to its new-found wealth, also needed some African products: this 'legitimate' trade, producing coffee, cocoa, gold, some minerals and palm oil (for greasing new machines and washing dirty people – think of 'Palmolive' soap), was usually supported by various forms of domestic slavery or serfdom. Naturally the European export firms wanted the cheapest possible product! Once ...
