The success of economic global governance in dealing with poverty is limited; efforts are being made to tackle poverty by economic global governance groups, but their aims are not being met and subsequently poverty is still an important issue. All groups, including the World Bank, International Monetary Fund (IMF), G7, G20 and World Trade Organisation are in co-operation to reduce poverty, but economic inequality is still very prevalent today, and these groups are still biased towards larger ...

"Global poverty is. . .recommended for anyone seeking to gain quickly a better understanding of global poverty or for any teacher looking for an excellent text on the subject. It is a direct, no-nonsense, multi-disciplinary examination of the nature of poverty, with its subtitled focus on the gross failures of global governance to address the problem."

~~Global Poverty: How Global Governance is Failing the Poor ...~~

The most obvious achievement in global governance is the peaceful rise of the BRIC ' s. Roughly a billion people have been lifted out of poverty without causing major international turmoil. Destructive nodes left behind by the Cold War in the Pacific, the Middle East, the Caucasus and Latin America did also not generate mass conflicts.

~~Global Governance: Challenges and Achievements | Global ...~~

Global governance has been split to address environmental, economical, political issues, conflict resolution, education and communication matters of the universal sphere. The regional partakers in various continents suggest that globalization should enact the global poverty act as intended in the year 2015 to eradicate poverty.

~~Global Poverty (Global Institutions): Amazon.co.uk: Hulme ...~~

Since all international poverty lines are somewhat arbitrary, one major point of contention is over-reliance on any poverty line, including the \$1.90 ' extreme poverty ' indicator set by the World Bank, as a basis for drawing sweeping conclusions about either the current state of global poverty, or the interaction between poverty levels and economic growth. Economic growth is so often championed for its poverty-reducing impact due to the decline of extreme poverty headcounts occurring ...
