God's War is a more of an analysis of the causes, politics, economics, and social conditions associated with the crusades and, as such, it is not very endearing to new readers who still need the 'story' of the crusades to be told. For the story, track down a copy of Runciman's history.

The story of how a group of warriors, driven by faith, greed and wanderlust, carved out new Christian-ruled states in the Middle East is one of the most extraordinary of all epics. The crusaders' stunning initial success started a sequence of great Crusades, each with its own story, that fundamentally shaped the Christian and Muslim worlds for two centuries, until the last Crusader castles were finally expunged.

God's War offers a sweeping new vision of one of history's most astounding events: the Crusades. From 1096 to 1500, European Christians fought to recreate the Middle East, Muslim Spain, and the pagan Baltic in the image of their God. The Crusades are perhaps both the most familiar and most misunderstood phenomena of the medieval world, and here Christopher Tyerman seeks to recreate, from the ground up, the centuries of violence committed as an act of religious devotion.

“ Christopher Tyerman's God's War: A New History of the Crusades is a doorstep of a book, a mammoth effort to retell, based on modern scholarship, the story of how Western Christendom made war to wrest the Holy Lands from Muslim hands. As we all know, this isn't considered ancient history in the Middle East.

In the 10th chapter of The Trojan War: A New History, by Barry Strauss, Achilles kills Hector, kills an Amazon, is killed and his death is avenged. The meeting between Achilles and Hector's father is told in Homer's Iliad, which Strauss interprets as a "classic gesture of prostration and self-abasement." Strauss also says that it is with his death that Hector's image is revised from a "Self-absorbed, ... sharp-tongued martinet" to a "selfless martyr for his homeland."

Summary of 'The Trojan War: A New History,' by Barry Strauss

God's War is reasonably if not totally comprehensive. The first four Crusades are covered in minute detail, the later Crusades less so. Tyerman, however, also discusses many related movements not normally considered as crusades, such as the Reconquista in Spain and Teutonic campaigns in the Baltic, and even the expansion of the concept of holy war to the conquest of the New World.
