While this manual explains how to install Heliocol solar collectors properly in typical situations, it cannot possibly address all of the unique or individual circumstances possible. If you have any installation questions, contact your Heliocol representative for assistance.

RESIDENTIAL INSTALLATION MANUAL HELIQCOL SOLAR POOL HEATER
The auto control for your solar pool heater must be set on auto. Quite often, owners do not understand why it isn't coming on at the first hint of sunlight and turn it on in the manual mode. The simple fact is, the auto control is "smarter" than you are. It will only send water to the collectors if there is potential for heat.
