Transition periods beyond the deadlines have been granted giving OEM's and engine manufacturers more time to comply and to use scheduled stocks of older models, higher-emission transition engines. For example, for engines below 56kW, EU Stage V compliance came into effect in January 2019 and there was a transition period granted up to the 30 ...

Niftylift Diesel Engines - EU Stage V Compliance Information

The HR21 may be used either with the grass bag, or without the bag as a mulching mower. The following suggestions and rules are intended to help you operate your Honda HR21 under the safest conditions possible. Be alert and exercise the same care using the mower as you would using any other power tool.
