The skin contains 2,000 sensors per square millimeter, and the researchers ...

Artificial Skin Senses Pressure, Temperature, Humidity

Increasing heat and humidity will be the main story locally for the next few days. Tropical moisture from the Gulf continues to flow into the region as high temperatures gradually climb higher each ...

Heat and humidity gradually increasing this week

QUIET TOMORROW MORNING AND TOMORROW AFTERNOON HEREE W ARE, BACK WITH THE HEAT AND HUMIDITY. HIGH TEMPERATURES CLIMBING INTO THE MID TO LOW 90 ' S FOR INTERIOR SPOTS AND OUR COASTAL AREAS MAKE A RUN INTO ...

Summer Like Heat and Humidity, PM Storms

A very nice day for Friday! Comfortable conditions return as high temperatures will be in the low to mid 70s with much lower dewpoints so the humidity will not be noticeable. A bit of early ...

Low humidity, and sunshine return for the weekend

Full summer heat and humidity are in store for the region and Acadiana this week, and with the exceptions of some storms that may control the heat this weekend, it looks to be just as hot or hotter ...

Heat and humidity building this week

It was a windy day across Western Wisconsin with sustained winds out of the southeast at 15 to 30 mph. This wind is carrying hot and humid air into the ...

Temps and humidity to decrease after tonight's storms exit

Despite the ' Nautapa ' failing to have its impact even after six of the considerable hottest days of the year have passed, the rise in humidity irked the people on Monday. The city ' s weather remained ...

Indore: Nautapa fails to pull temperature up but humidity is irking

Temperatures remain on the high side over the next several days as a heat ridge builds over the region. This will send highs well into the 90s, topping 95 in spots each day through the weekend. Heat ...
