The HAPS Exam is a fully validated and secure method to evaluate your students, instructors, and program. The Exam comes in several versions for A&P 1, for A&P 2, and the Comprehensive Exam for a full two-semester course. The Exam reports comparable data for different institution types and program types, allowing you to see exactly where you fit in.

Human Anatomy and Physiology Society

Simply stated, human anatomy is the study of the parts of the human body. Human anatomy includes both gross anatomy and microscopic anatomy. Gross anatomy includes those human structures that can be seen with the naked eye. Gross anatomy can be compared to the structure of a house as shown in a blueprint of a house or by looking at and inspecting a house in person with the naked eye.
