The range of Hyundai petrol generators is split between innovative and renowned inverter generators, designed specifically for the leisure market, and an all-encompassing range of commercial and industrial open frame generators. The Hyundai inverter generator range has

Download File PDF Hyundai

developed vastly since they originally hit the UK market, with Hyundai gaining the reputation as one of the best suppliers in handy yet portable and quiet leisure generators.

Product Description

The Hyundai
HY3600SEi is the
largest petrol leisure
generator in the
Hyundai inverter
generators range. For
the size and output of
the machine, it is still
relatively portable,
with heavy duty carry
handles and sturdy in-
built wheels.

Weighing in at just

Download File PDF Hyundai

60kg, there isn't
another generator on
the market like this
one.
