I am special | Teaching Resources

Unlike other books, its content and layout are devised especially for children who read, think and process information differently. I am Special is divided into two parts. The first is a theoretical introduction that explains how to inform children that they have autism or Asperger Syndrome and how to use the worksheets with groups or individuals.

Every child has unique character strengths and abilities that allow them to express their individuality in a social environment. It is what makes them "special." As parents, we begin to notice differences in our children when they are quite young.

What Makes a Child Special? Ideas for Celebrating...

More than one person can be special
People I am special to A starting point for all RE, introducing the concept of specialness Encourage children to use mirrors to look at individual features and draw self-portraits, comparing own features to those of others
Children draw/paint their own free-

Use this PowerPoint as a great discussion tool to get children thinking and talking about all the wonderful ways in which we are different. This teaching presentation is great for providing children with the vocabulary they need to talk about the similarities and differences between themselves and others, such as words linked to eyes, hair, skin, families, hobbies and more.
