Teaching Strategies in Nursing

Another example of an interactive strategy that we have used is to incorporate a neighborhood family (Pearson virtual community) into the class by having students develop a care plan for a family member who has had a hip replacement. This activity helps students apply the nursing process and develop nursing interventions.

CREATIVE AND INNOVATIVE ONLINE TEACHING STRATEGIES ...

Teaching millennial students creates challenges for today's nursing faculty. The approaches that nursing faculty members used in the past may not meet the needs of today's millennial students. 1 Most nurse educators in the United States are from the baby-boomer generation, when a different educational pedagogy was in place. 2 At that time, a structured lecture approach was the primary method used in nursing education.
