Apr 16, 2018. I recently acquired an International Harvester 2500 series B hydrostatic diesel tractor. It's a D239 4 cyl engine with 3 point & PTO and no backhoe. (I also have a Case 580k) I have found a little bit of information on this tractor, but not a thread that is specific to the series B hydro diesel.

I know of a guy on either this forum or another that paid \$1500 for his 3400A. LOL I know a guy in Texas that would sell his for about \$3K. I think it has a steering issue. I don't know about the 2500 but my transmission is a standard type. On the size of the machine, I am not sure how much the 2500 weights but my 3400A weighs about 13K pounds.

~~International 2500 Series B Tractor Manual~~
About the International Harvester 2500B. Be sure to look for any serial number comments in the part fit notes. In some cases, the International Harvester 2500B Industrial/Construction parts you need depend on your serial number. They also have independent hydrostatic wet disc brakes. The type 1 3-point hitch is very reliable.
