INTRODUCTION TO

COMMUNICATION STUDIES 40

Semiotics At the centre of this concern is the sign. The study of signs and the way they work is called semiotics or semiology, and this will provide the alternative focus in this book.

Semiotics, as we will call it, has three main areas of study: 1. The sign itself.

authorities in the field of communication studies, aimed at students coming to the subject for the first time. It outlines a range of methods of analysing examples of communication, and describes the theories underpinning them.

Introduction to Communication Studies: Fiske, John ...

Investigating Communication teaches students how communication research is conducted from start to finish, with the text's organization modeled after a traditional research study. By making the material accessible rather than impossible to learn, students become excited about studying research methods.
