Isoline lab answer key
Before the next section, I have students moving to lab groups. As noted in my other traditional lab days, I teach in a normal class. Students have paired tables (they sit two to a larger table), but it still requires them to combine tables to form their lab groups of four (4) students. So, for this I have students to

Isolines close together show
a high gradient, isolines
far apart represent a low
gradient. in nature,
gradients usually indicate a
flow from the higher values
toward the lower values (for
example, air moving from
high pressure to low
pressure and heat moving
from areas of high
temperature to areas of low
temperature).
