Halmos These lecture notes are for Semester 1 of the Algebra section of the first year honours Mathe-matics course at NUI Galway. The word "algebra" is often used in elementary contexts to refer to mathematical situations in which "symbols" such as letters are used to represent numerical quan- tities which may be fixed or variable.

A program in Quantum Field Theory for mathematicians was held at the Institute for Advanced study during the academic year 1996-97. The participants and lecturers produced lecture notes and problem sets (and some solutions to problems) throughout the year, which are stored here. This web site is in its final form as of January 21, 1999; the intention is to leave it in place indefinitely.
