~~Adding Single~~

# Get Free Lesson Plan On

## Adding Single Digit Numbers

Give each student a pencil and a blank piece of paper.

Give each student two sets of manipulatives to add together. Don't give anymore than 5 in each set. Ask students to count the number of manipulatives

# Get Free Lesson Plan On

~~Adding Single  
Digit Numbers~~  
In each set, and  
record the  
amounts on a  
piece of paper.  
Ask students to  
add the two  
numbers  
together.

~~Simple Addition  
| Lesson plan |  
Education.com~~

One student will  
write one number

# Get Free Lesson Plan On (1-9) and the other student will write

another number  
(1-9) on the  
board.

Development: The  
teacher will  
place an  
addition and  
equals sign on  
the board and  
then introduce  
the lesson
