# Read PDF Lifelong Learning In Public Libraries

In a society of lifelong learning - whether of a formal or informal nature - public libraries will be nodes connecting the local learning setting with the global resources of information and knowledge. Public libraries must therefore be allowed to play a role of fundamental importance in the development of future systems of lifelong learning.

IFLA -- The role of Public Libraries in lifelong learning ...  
As parents and caregivers strive to give their children the best education, they are finding valuable support from their library. This is especially true for children living in poverty or from low-income homes. But libraries are also involving the entire family in

learning? - Adult ...

The library and lifelong learning centre of the future, whether large or small, is an open, public space where people not only get and share information and develop their skills but also come together to meet, work and create. It provides a platform for both non-formal and informal education, courses, lectures, events and self-directed learning.

Lifelong learning environments in libraries and adult ...

Lifelong Learning in Public Libraries demonstrates that public librarians can promote learning by combining the elements of Information Literacy Instruction (ILI) with traditional practices of public libraries. This approach
