How's Toybox different than other 3D printers? Toybox is designed from the ground up for entertainment and ease-of-use. We enable kids to 3D print their own toys by providing an intuitive interface and a rich selection of high quality toys and content. By giving children the ability to create their own toys on the fly, we enable them to create richer adventures and stories with their toys.

Someone who knows all about making fun things from 3D printing is Make Anything 's Devin Montes. Devin was challenged in 2017 to see if he could use 3D printing to create something akin to the ever-popular Slinky toy. He set about inventing 3D printable Springo. Using Fusion 360 he created a small spring design to test his idea. His first print worked but all the layers needed to be separated using a sharp knife, which wasn't exactly what he was going for.
