Competency-based management (CBM) supports the integration of human resources planning with business planning by allowing organizations to assess the current human resource capacity based on their competencies against the capacity needed to achieve the vision, mission and business goals of the organization. Targeted human resource strategies, plans and programs to address gaps (e.g ...

Competency-based management - Wikipedia
Competency based management can be used throughout the entire performance management cycle. In planning, performance objectives (the "what") are set, but the

competencies (the "how") are shaped by management with regards to the culture and the "how things are done around here" mindset. Only about half of employees in a Gallup study strongly agreed that they know what's expected of them at work.In ongoing performance monitoring, coaching and continuous feedback, competencies ...
