We build Mercury Mercruiser® Sterndrive engines and drives to power your life on the water. Our engines are engineered and built solely for marine duty. ... Bravo Four S Forward-Facing Drive. Exhilarating performance for wakesurfing and other tow sports. Corrosion protection. An all-out attack.

Drives | Mercury Marine  
Mercury engineered a suite of five sets of new premium propellers specifically for the Bravo Four S forward-facing drive. They ’ re designed to run in a dual, contra-rotating configuration, with a four-blade prop in front of a three-blade prop, which minimizes cavitation to help reduce noise, vibration and harshness (NVH).

Merc Bravo 1 | Rebuilt Outdrives - PowerBoatLimited  
The biggest advantage the Mercruiser Bravo III can point to, however, is the ability to couple with gasoline engines all the way up to 525-hp. Both manufacturers use through-hub exhaust systems, cone clutches (each manufacturer claims that theirs is the smoothest), both say their hydrodynamic lower units minimize drag, and each claim " excellent " or " premier " corrosion resistance.

How To Remove Replace & Change Mercruiser Marine Bravo...  
With the added blade area of dual contra-rotating propellers up to 16 inches in diameter, our Bravo Three drives really grab the water. Because the props rotate in opposite directions, they cancel prop torque for better tracking at all speeds and provide improved control around the dock, in forward gear and reverse.
