Mercury® TwoStroke Outboards. Mercury's proven TwoStroke engines deliver easy starting, gutsy performance, and great all-round reliability. Across the range you'll find an array of features that help keep your boating experiences more enjoyable and trouble-free. Features such as largest engine capacity displacement, giving you more low-end thrust, advanced carburettor design and fully-regulated, high output alternators powering all your marine electronics will ensure absolute boating ...

Mercury® TwoStroke Outboards | Mercury Marine

Bought this new in 2013 to replace an old carby Merc 150 hp on a Haines cannot compare the two in any way at all, lots more power than the old school outboards. Lots of power from down low, much stronger top end power than a 4 stroke better on fuel but not super economical, but for the price I don't care Great outboard for skiing ect

Mercury 150 HP EFI | ProductReview.com.au

Outboard Motors. Nobody makes a more reliable, powerful, and efficient lineup of outboard motors than Mercury: Verado, Pro XS, FourStroke, SeaPro, and Jet. Backed by decades of innovation and leadership, Mercury outboards are built to go the distance, delivering legendary performance driven by forward-thinking technology.

Outboard Motors | Mercury Marine

When it comes time to head out on the water, you can grab your gear, hop in your boat, and quickly power out of the harbor or off the shoreline with a 150-horsepower outboard engine. These engines can fit a number of boat models, and due to design variations, they could achieve varying levels of RPM. Be sure to check that 150 horsepower is within the range of the capacity of your vehicle.

150HP Outboard Motors for sale | eBay

A low-emissions Merc 150 OptiMax two-stroke is priced at \$12,650, while the supercharged four-stroke Mercury 150 Verado is \$12,650. On the Yamaha side, a 90-hp two-stroke with a 20-inch shaft is \$7,170, while a similar four-stroke Yamaha F90 is \$9,350. The other key advantage of the two-stroke models is light weight.

Mercury Outboard NGK Spark Plug Guide NGK spark plugs are original equipment on many outboard motors and are excellent replacements for everyday engine maintenance. Please view the application guide below.

Mercury - NGK Outboard Motor Spark Plug Guide

Mercury Marine, based in Wisconsin, has been making Mercury outboard motors in two- and four-stroke versions ranging from 2.5 to 350 horsepower for more than 75 years, though the company's first motors did not have as much horsepower as some of its current motors. If you have a two-stroke outboard motor, you must add oil to the fuel to lubricate the engine.

How to Troubleshoot a Mercury Outboard Engine | Gone ...

The Mercury 150 Four-Stroke outboard was introduced in 2011, to much fanfare. The idea was to create a mid-range four-stroke engine that offered the reliability, fuel economy, and ease of use of a modern four-stroke, but at a much lower price-point than the Verado line could meet.

Mercury 150 Four-Stroke Outboard Review - boats.com

Winterizing a 2-Stroke Outboard: Lower Unit Oil Change. Mercury recommends the gearcase lube be changed every 100 hours or once per year. However, you should do it regardless of how long it's been before storing your outboard, because harmful contaminants in the used oil can corrode the inside of the lower unit.

Embrace Possibility. Mercury FourStroke outboard motors are incredibly powerful and efficient, and they feature a wide range of applications. Crafted for less weight and high displacement, they generate abundant torque and immediate power. And because they don't have to work as hard as heavier engines or those with lower displacement, they make boats plane faster and accelerate better, and ...
