The MHI range of SRK wall mounted systems is a popular choice for residential, office and shop applications. These units include plenty of features, one being their economy mode to avoid excessive heating and cooling. They also have a self-cleaning operation, where the inside unit and filter dries up to prevent the growth of mould.

The Mitsubishi Heavy Industries aircon units are actually developed with less watt, but this makes them even more impressive, as the air conditioner is top-notch in terms of performance. In fact, the Mitsubishi Heavy Industries aircon delivers the same level of performance as air conditioners that function with 1,000 watts.
