The plot of this book is deceptively simple. A young girl's beloved and eccentric grandmother dies, leaving the girl letters to deliver to others - to send her regards and apologies. The meat of the story lies in what the grandmother apologises for, and what the girl learns about people she only thought she knew. Including her grandmother.

Her grandmother's letters lead her to an apartment building full of drunks, monsters, attack dogs, and totally ordinary old crones - but also to the truth about fairy tales and kingdoms and a grandmother like no other. My Grandmother Sends Her Regards and Apologises is told with the same comic accuracy and beating heart as Fredrik Backman's best-selling debut novel, A Man Called Ove. It is a story about life and death and one of the most important human rights: the right to be different.

Grandmother sends her regards and apologises is a lovely, entertaining book, humorous but also very sad – sometimes getting blindsided by it. Fredrik Backman is extremely good at balance and has created a beautiful emotional contrast, which makes for a very satisfying read. 8/10 book review, fiction, fredrik backman
